and Subsidiary Companies

REPORT OF THE BOARD OF DIRECTORS TO THE SHAREHOLDERS FOR YEAR ENDING FEBRUARY 29TH, 1936

Your Directors submit herewith a Consolidated Balance Sheet showing the condition of the Company at the close of the fiscal year ending February 29th, 1936.

Adequate provision has been made for depreciation, taxes, contingencies and doubtful debts.

There has been a slight improvement in construction as comparable with last year due entirely to increase in speculative house building and government undertakings notwithstanding which, statistics evidence that construction awards were 50% below normal pre-depression years showing that recovery in building is lagging far behind other industries.

However, our year's operations show a balance carried to profit and loss account somewhat better than the preceding year.

Taxation both direct and indirect continues to increase and constitutes not only a heavy burden on your Company but the possibility of additional taxation has no doubt retarded investment in new construction enterprises.

Your Directors deem it inadvisable to declare a dividend or call for redemption any Preferred Stock until such time as volume of new business warrants such action.

Yours faithfully,

HENRY J. GROSS,

PRESIDENT.
